

## **Curriculum Vitae**

### **Personal Details**

Name : Mr William Alexander Harris  
DOB: 23 June 1970

### **Profession**

Senior Architectural Technician – Director (2010-Present)  
Senior Architectural Technician - Associate (2008-2010)  
Senior Architectural Technician (1999-2008)  
Structural Engineering Technician (1988-1999)  
Trainee Technical Draughtsman (1986-1988)

### **Employment History**

#### **April 2010-Present**

Architectural Building Concept Design Ltd., Southampton, Hampshire.

Senior Architectural Technician – Director

I joined Architectural Building Concept Designs Ltd. in May 2010 as a Director (the company was originally set up by my Business Partner Mark Caine in April 2008). Mark and I now work together in this partnership on a contract basis for our previous employer Architecture DPND Ltd. whilst also pursuing our own workload through construction projects ranging from residential housing developments (new-build and conversion) as well as private house owner extensions and alterations.

#### **May 2000 – June 2002 / September 2002 – April 2010**

Architecture DPND Ltd., Romsey, Hampshire.

Senior Architectural Technician – Associate

Conceptual design, technical design / support and co-ordination of projects in the mainly residential but also commercial sector. This position involved a fundamental contribution to project management and further integration of the following core skills :-

- Detailed planning applications with supporting documentation.
- Contact with Planning Authorities to ensure future development complies with the requirements of local, strategic and national planning policy.
- Close communication with Local Planning Authorities to ensure expedient resolution of planning applications and applied planning conditions.
- Production of detailed working drawing packages and technical construction specifications, ensuring compliance with the Building Regulations and client specific requirements.
- Communication with and resolution of conditions set out by the NHBC and / or Local Authority Building Control.
- Appointment of consultant services necessary to the construction process and subsequent correspondence with engineering, principle and sub-contractor services.
- Follow-through project co-ordination necessary to ensure programmes are adhered to and commercial targets are successfully met.
- Dual discipline contribution to projects drawing on engineering experience.

**June 2002 – September 2002**

Calford Seaden Ltd., Southampton, Hampshire.

Full time employment as a Senior Architectural Technician.

Working solely with the Senior Architect, responsible for the technical design, specification and site supervision of the full social / affordable housing project portfolio. Intrinsicly linked to the management of projects from inception to hand-over.

**November 1994 – May 2000**

Techwork GED Ltd., Southampton, Hampshire.

Full time employment as a Structural / Mechanical Engineering Technician (+ part-time whilst studying)

Involvement in a diverse range of multi-disciplined engineering contracts for the Ministry of Defence, Rutherford Appleton Laboratory and Exxon Petrochemical Industries Ltd.

**October 1986 – November 1994**

MFD Consulting Engineers Ltd., Romsey, Hampshire.

Full Time Employment as a Trainee Technical Draughtsman / Structural Engineering Technician (+ part-time whilst studying)

Formal introduction to design and engineering practice with a multi-disciplined engineering and Design Consultancy. Complete and thorough Technical Draughtsmanship training, introduction to Computer Aided Design software and integration with the design office environment. Working one-to-one and with teams of Chartered Structural Engineers on projects for the Ministry of Defence (overseas and domestic) and private sectors. Employment within a large and well-established company I realised my interest in the construction industry and focused on my development as a Structural Engineering Technician.

**Education and Qualifications**

**September 1996 - June 1998**

Southampton Solent University, Southampton, Hampshire.

BTEC HNC Civil Engineering Studies - Pass with Merit and Distinction.

**October 1986 - June 1988**
